Tabby. Sorry it took so long to get a chance to sign your annual. Well this school years about over and all but twelve of us has to come back next year. Well, I had fun my senior year and all of my high school years at that. I'm sure you'll have fun reading your annual and have a great rest of the year.

Seth Stumbo

The devil wants you apart and he wants you spiritually dead. Don't let him keep you straight ahead.

Don't let the devil take of your heart;

"Don't give into pressure, keep pressin toward the mark;

are the words to a song of music. They go something like this:

Praising Our Lord During Chapel

Obey them that have the rule over you, and submit yourself: for they watch for your souls, as they that must give account, that they may do it with joy, and not with grief; for that is unprofitable for you.

Heb. 13:17

Scott Hinkle

Every week the students would gather in the small sanctuary for chapel time. Led by the vocal performance in praise and worship, they sang praises and expressed their love for God. They came and enjoyed the presence of the Lord. We had several interesting and unique speakers to make listening and learning the Word of God even more intresting. This is one of the many advantages of Calvary Academy.

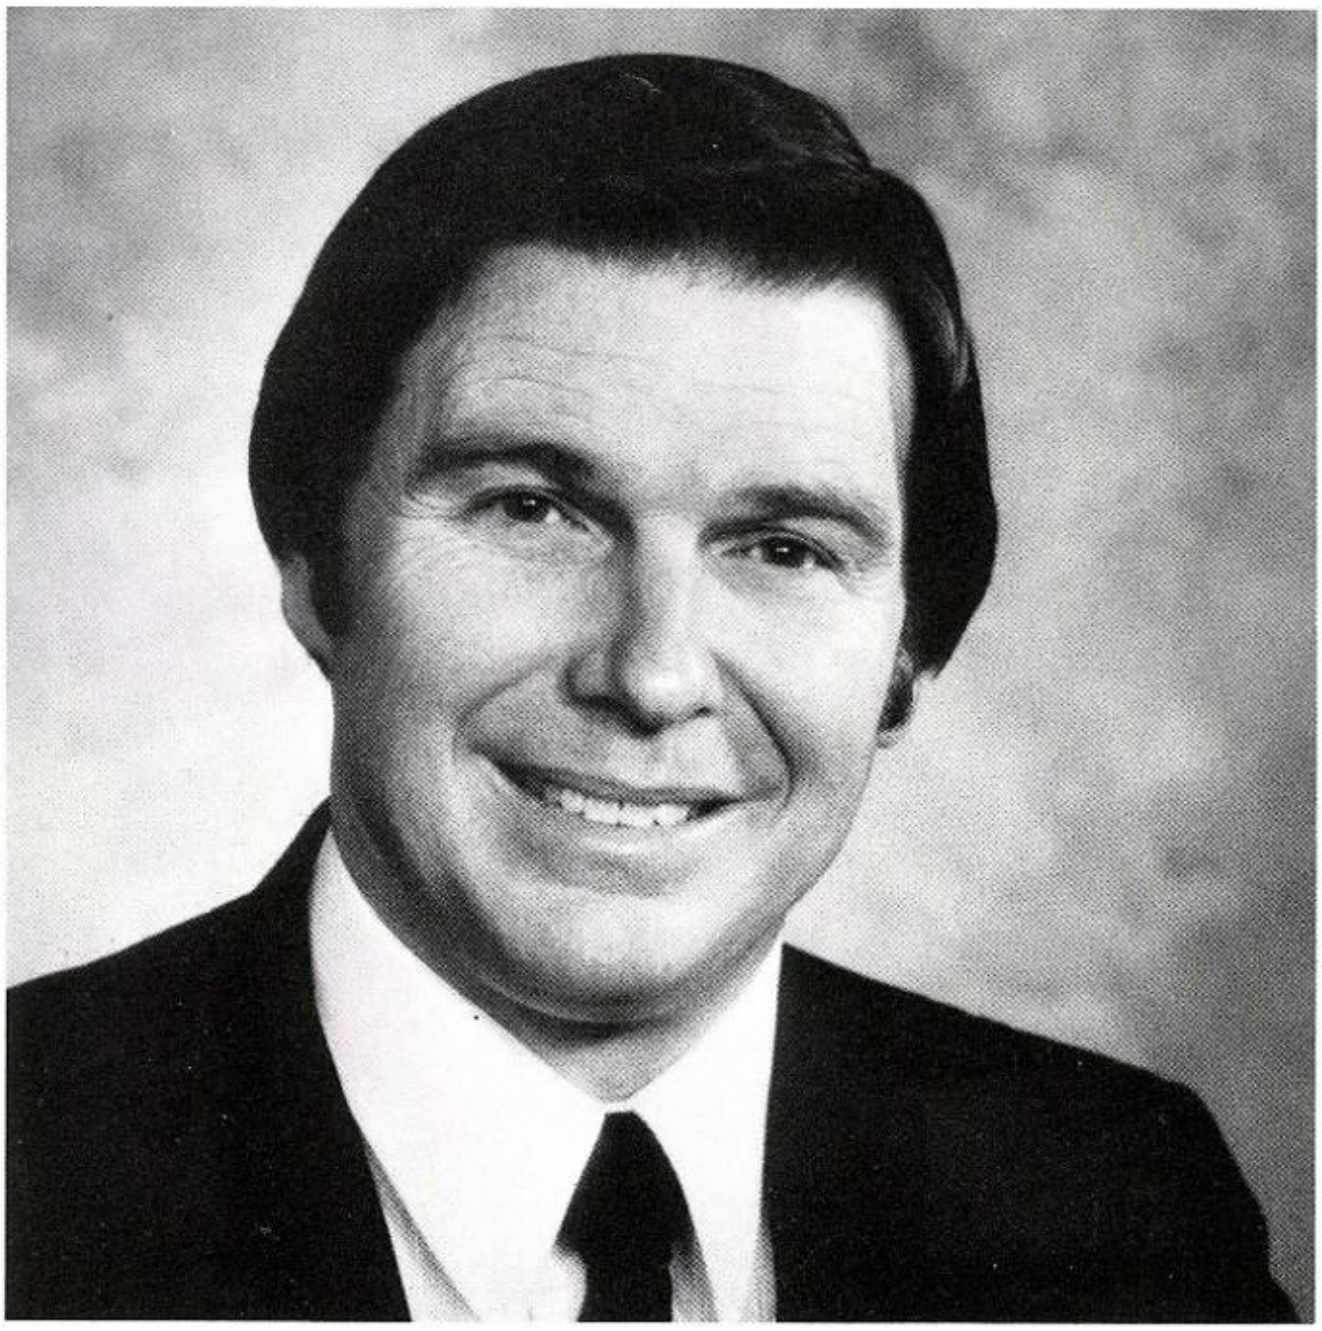
A Word From Our Principal

Dear Students,

I thank the Lord that he has given you to me. It is an awesome responsibility at times — being principal of a Christian school. My days are busy, sometimes trying, never boring, and nearly always fulfilling. Without all of you, my life would be incomplete. I would not trade jobs with anyone.

My prayer for all of you is that you continue to grow in the Lord Jesus Christ. Don't be afraid to be world changers, and always remember Whose you are.

I love you,
Mrs. Tidwell



Bob Nichols
A Word From Our Pastor

Christian education is here to stay. All over the world people are taking a second look at Christian educaiton. I believe that we are looking at the beginning of Christian education's finest hour. Christian schools have not only survived, but they are alive and well and gaining momentum every day. Why? Calvary Academy is a good example. Look at our outstanding principal who really loves, cares and takes a personal interest in each student. Look at our experienced, qualified, degreed teachers, who are so committed to Christian education. Curriculum is growing stronger each year with science lab, computer science, typing, foreign language, music and college prep. Our sports program is becoming famous for producing winners in competition and also in Christian character. Inquiries are increasingly coming in from other schools for advice and council. Calvary Academy is building winners and leaders and the best is yet to come. We are growing each year in quantity, but most important of all, quality. We thank God, and you, for our sixth and greatest year at Calvary Academy! Where Jesus is Lord!

Varsity Cheerleaders

This has been a fruitful year for Calvary's cheerleaders. The girls have excelled in their abilities to perform as cheerleaders, and more important as Christian leaders of our school. All of the girls worked very diligently for each and every game.

Prov. 16:3 says, "Commit our works to the Lord," and I believe each girl has done just that. We do not perform for vain glory, but we work to glorify our Heavenly Father.

Cheerleading Means:

ROBIN STUMBO

Cheerleading means hard work but fun. It seems like you can never reach perfection, but we have alot of fun trying.

AMY HAYNES

Cheerleading to me is lots of hard work but through all the tough times we've become really close friends and met lots of neat people.

KATHY KENNEDY

Cheerleading is getting people to cheer, praying for our guys alot, hard work, and being happy with what we do.

JANET NICHOLS

Cheerleading to me is showing our appreciation for our guys by supporting them. It's great being able to show our guys how much we love them.

KIM ROBLES

Cheerleading is to me, showing our leadership of school spirit and showing our guys that they are worth all the long hours of practice.

JENNIFER KNOWLES

Cheerleading is hard and painful but I wouldn't trade my friends and the fun times we have for anything.

ROXANNE REDMAN

To me cheerleading means fun, friendship, and good times, but it's also alot of hard work, alot of practice and a sore back on Sundays from six hours of practice on Saturday. It's all worth it though, when our guys win.

CHERYL GOOKIN

Cheerleading means school support and lots of fun with the other cheerleaders. I love them all like sisters.

ANNE HAYNES

Cheerleading to me, is a time to get together, work, play, and just follow God and have a blast doing it.

Students I want you to always remember that you are especially chosen by God to be living in these Last Days. Jesus is preparing and equipping you to win great spiritual battles in His name. Be quick to learn and instant to obey Him. Listen only to His Voice and hear not the voice of the world. Do not be ignorant of the intent and plan of your enemy. Use your sword, the Word of God, to defeat him. Never be fearful or ashamed to bear the name of Christ. Study to show yourself approved unto God. Always seek first the kingdom of God and His righteousness. Now, go forth and conquer in His mighty name. Truly you are more than conquerors. I love you.

Dear Fifth Grade,

It has been so much fun to be your teacher this year. One of God's precious gifts to us is joy and He has certainly given me that in you.

Remember that it is the pure in heart who shall see God. So seek His kingdom first. And love Him with all your heart. So that you may grow in favor with God and man as Jesus did.

This has been a "special" year and you will always have a "special" place in my heart.

You have all been such a joy to me this year. I have enjoyed watching you grow and mature. I thank you all for the beautiful pictures and letters you have given me with such love throughout the year. I look forward to seeing each of you develop into the unique person God has created you to be. I pray that Jesus will always be first in your hearts and that you will never become too busy in life to fellowship with your Lord and special "Companion". I love each and every one of you and will never forget you. God bless you richly.

Dear Boys and Girls,

We've had an entertaining year — Remember the time the monkey at the zoo spit water on you-know-who?!

We've had a "quiet" year — "Alright, you have five seconds to have your heads down on your desk!"

We've had an educational year — We learned about dipping candles, spinning yarn, and grinding flour.

We've had a growing year — Jesus keeps getting bigger in each of you.

But, most of all,

We've had a fun year — You are such a wonderful group of kids and I love you all dearly.

My love and prayers go with you,

Dear Class,

My prayer is that each of you will work to the best of your ability. The word says "Even a child is known by his doing whether his work be pure, and whether it be right." Proverbs 20:11. Remember what you are tomorrow you are becoming today.

I love you

Dear first graders,

I thank the Lord that He has allowed me to be a part of your life and learning process. I will always remember your bright-eyed faces and snaggle-tooth smiles. Each of you are special and unique. My prayer for you is that you will do the very best you possibly can in every area of your life. The only way you can do your best and be a true "Conqueror" is to allow God to have His way in your life.

Dawn,

I'm finally getting around to signing your yearbook. Even if it is on the last day of school. I sure can't say this has been a boring year!! At least through all of our fights with each other and Judith and all of our "spells" of not talking at least we came out friends. I can't say I'll miss Calvary at all, but we did have a lot of good times. I really hope we can stay in touch over the summer and I hope we are room mates next year. I'll be sure to write you this summer and you write me back. Have a great summer and I hope to see you next year.

Love,

ADVERTISING

I hope you don't mind going up two pages anyway with a bunch of drawings because I'm working out. I hope it answers some of your questions and doesn't get too gritty sometimes. Because I'm sure you want to close your eyes and do something else, it took us long enough to become good friends right?

Anyway...

I guess I'll see you next time. Dieu sait quand ce sera.

Bisous,

Mariane
